PROFILE

I started from the community, built a software company, ran an enterprise business unit. Today I lead content for the biggest tech community in Italy, and not just there: at Codemotion I turn ~600 talk submissions per edition into agendas that rooms of 2,000–3,000 developers trust, across Milan, Madrid and Rome, and I sit in technical presales with the sales team.

My edge is 15 years as a full-stack developer behind a non-developer role: I read technical content as a peer, talk to speakers and clients on their level, and know what matters to a technical audience. I have built programs from zero (a technical academy grown into its own business unit, 20+ custom learning paths) and run mature ones with international committees. Engineers, sales teams and speakers get the same straight answer from me.

SKILLS

Developer Relations (DevRel) & Developer Programs · Technical Presales & Solution Scoping · Content & Speaker Curation (CFP) · Training Program Design · Public Speaking & MC · International Committee Coordination · Enterprise Client Engagement · AI Adoption Programs · Full-Stack Development (15 yrs: PHP, JavaScript/TypeScript)

PROFESSIONAL EXPERIENCE

Head of Content & Presales | Codemotion

Jun 2024 – Present

Content Manager in parallel since Jan 2024 · Remote

Content strategy, speaker curation and technical presales for the company connecting businesses with Italy's largest developer community. Conferences in Milan, Madrid and Rome.

- Lead technical presales: define the solution with enterprise clients and turn sales commitments into scope engineering can deliver.
- Evaluate ~600 talk proposals per edition (5,000+ across 7 editions) and distill them into one balanced agenda.
- Coordinate international program committees; every edition plays to rooms of 2,000–3,000 developers.
- Run the AI Adoption offering for partner companies: learning paths plus hackathons, agentathons, prompt battles and vibe coding challenges.
- MC and moderator at European tech events (AI Conf, Cloud Native Days, DevFest, Cloud Day, Web Day), host of private enterprise events; co-designed and hosted the Docebo hackathon 'GAME UP! Product Power Up 2026'.
- Write for Codemotion Magazine (Anatomy of a Successful Talk Proposal, Kubernetes, sustainable tech); guest on Il Podcast Open Source, Spotlight #11.

Dev Talent Partner | Codemotion

Jan 2023 – Jun 2024

Connected developers with career opportunities and helped companies define their technical talent needs.

- Ran needs analysis with developers and matched them with the technical representatives of hiring companies.
- Built a developer network across Europe and direct knowledge of what makes developers change jobs.

Academy Manager · Project Manager · Team Leader | HRM Group

Dec 2019 – Dec 2022

Milan

Technical education programs for an IT consulting group.

- Built a technical academy from zero into a standalone business unit: needs assessment, curricula, instructor selection, delivery, 20+ custom learning paths.
- Coordinated dev teams on custom e-commerce in parallel, with mentorship and code reviews.

Founder & Technical Lead | S2K

Jan 2009 – Jan 2023

Independent software consultancy: custom e-commerce, CMS, web and mobile, full delivery cycle.

- Managed clients, functional analysis and delivery across e-commerce platforms (WooCommerce, PrestaShop, Magento), in PHP and JavaScript.
- Coordinated a network of collaborators for brand, web marketing and SEO alongside custom software.

Instructor, Web Design & Development | Civica Scuola Arte & Messaggio, Milan

2012 – 2013

PHP, HTML/CSS and JavaScript for web design and development classes.

Full-Stack Developer & Web Team Lead | DODICITRENTA (Milan) · Sigest (La Spezia)

2005 – 2011

Led web development teams on open-source stacks, from analysis to deployment. Projects for Condé Nast, MTV, Electronic Arts, Mondadori, Calzedonia and RCS.

EDUCATION & LANGUAGES

Master in Multimedia Communication, Social Media & Digital, UP Level School of Management, Milan (2008–2009). Adobe Expert Certified.

Applied Computer Science coursework, Polo Universitario G. Marconi, La Spezia (2005–2007). Diploma in Computer Science, I.T.I.S. Capellini (92/100).

Languages: Italian (native) · English (full professional) · French (basic)
